

Jonathan Bangs – Eastham Land Records 1650-1745

Jonathan Bangs was the son of Edward Bangs who was one of the original settlers of Nauset. He was born about 1640 one of at least ten children. Jonathan married Mary Mayo in 1664. He had at least ten children with Mary and following wives. Jonathan's brothers were John and Joshua. Both brothers married but left no descendants.

Jonathan was very active in Eastham affairs over many years. His town positions included deputy, constable, rate maker, selectman and ensign of the military company of Eastham. Jonathan did not receive any of the large land grants of 1711 and 1715 which suggests he left Eastham before that time. Jonathan died in Harwich in 1728 at age eighty-eight.
